## APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of a portion of the waters of Lake Tahoe heretofore granted under 55053 is issued subject to the terms and conditions imposed in said 55053 and with the understanding that no other rights at the source shall be affected by the change proposed herein. A totalizing meter must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to a beneficial use. This permit is subject to the final allocation of the State of Nevada under the California-Nevada Interstate Compact Commission. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The use of water under this permit must be separately metered from the water diverted under Permit 11959 Certificate 4140.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.2207 cubic feet per second, but not to exceed 93.803 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before January 21, 1998

Proof of completion of work shall be filed before February 21, 1998

Application of water to beneficial use shall be made on or before January 21, 2001

Proof of the application of water to beneficial use shall be filed on or before February 21, 2001

Map in support of proof of beneficial use shall be filed on or before N/A
